#### DONAU WINS WAKEFIELD

WILLIAM GERST'S SMART YOUNGSTER BEATS GOOD JUVENILES IN EAST.

Nimbus Takes Handicap Feature of Empire City Card at Short Odds-Ida D., Sir Neddam and Bobbie Kean Are Winning Outsiders.

New York, July 22.—Donau, William Gerst's good two-year-old, captured the Wakefield Stakes at Yonkers today and incidentally ran the fastest five and a half furlongs registered during the meeting when he covered the distance in 1:07. This robust youngster's long and uninterrupted campaign of six months culminated on this occasion in the most brilliant effort of his extraordinarily busy career, Including today's race, Donau has started twenty-nine times since he began racing in January. He has been contending with the best of his age in training at the various tracks where he has raced, and his record to date is 12 firsts, 5 seconds, 8 thirds and 4 times unplaced.

Notwithstanding the exacting nature of the campaign to which he has been subjected, the Woolshope cold stripped bigger, bodily, than when he began racing. Donau was opposed in the Wakefield Stakes by the pick of the juveniles in local training, including Fauntleroy. Reybourn, Charlie Hargrave, Cherryola. Dullcare, Foursome and Firebox, He dominated the running with such convincing ease that race-goers began to wonder what manner of a horse The Fad could be to have been able to run away from Donau at will, as he did in their previous meeting.

The Wakefield was not truly run. The start was straggling, Dugan, astride Dullcare, being unprepared. The pair immediately became conspicuous by cutting obliquely across the track from the out-field of the listed of the listed was not truly run, but the first half mile knocking his gorceneurs export

#### AMERICAN RACING RECORDS TO DATE

With half of the racing year gone, four new American records have been made in 1909 and one equaled. A. J. Small and Donau each ran three and a half furlongs in 40 at Santa Anjta, effacing the record of 40% previously to the credit of Carmisa. At the same track Donau ran a half mile in 40%, which took the place of Bessie Macken's 46½, made at Dallas, Texas, in 1899. At Louisville Joe Morris ran four and a half furlongs in 52%, wiping out the previous record of 53, held by Old England. At Latonia Moquette ran a mile and a sixteenth in 1:44½, equaling the record to the credit of Royal Tourist. The last and most important change was that made by Fitz Herbert, when he ran a mile and five-eighths in 2:45 in winning the Lawrence Realization and supplanted Africander's previous mark of 2:45½. The American records of racing are now as follows:

#### CANADIAN RACING RECORDS

Our northern neighbors have witnessed an abundance of excellent racing this year, but only two new Canadian records have appeared so far. These were both made at Fort Erie, July 17, when Tourenne ran a mile and a sixteenth in 1;44% and Zipango a mile and there-sixteenths in 1;38%. The record at a mile and a sixteenth previously was 1;45, held jointly by Polly Prim and Peter Sterling, while that at a mile and three-sixteenths was 1;59½ and held by Dr. Lee Huffman. Canadian records now stand as follows:

#### FAIR TREATMENT OF WESTERN HORSES.

"It might be said," remarks the New York Telegraph in commenting on the running of western horses at Empire City, "despite some criticism of stables not belonging strictly to this territory, that these horsemen have done as much, if not more, for racing than big stables around New York. They have come on here to win, naturally, and they are in the majority; their horses are fit and well trained, and certainly the Empire City Racing Association is glad to have them and does not believe that these horsemen should be regarded as interlopers or in any other way except as friends of the turf—racing men, pure and simple.

"Naturally many big stables desire to rest up their horses at this time, but it is a fact that the Empire City track has not had the horses from around the New York tracks that it should have had. Saratoga appeals, and already many horses have gone there to recuperate at Horse Haven and prepare for the extensive session of racing in August. But not all these will race at Saratoga, and a lot of them are as fit to race now as they will ever be, and are as good as the horses that furnish entertainment to the York racks that flarnish entertainment to the York racks that the should have had are as good as the horses that furnish entertainment to the York racks that flarnish entertainment to the York racks that the Empire City day after

New York racing public at Empire City day after day, "Mr. James Butler has shown himself to be one of the best friends of racing, and the big stables about New York might very well have done hetter by him. Nothing that could have been asked of Mr. Butler in support of racing but that he has done, and the popularity of the Empire City course is unquestioned."

## ROSEBEN'S BROTHER A BIG FELLOW.

ROSEBEN'S BROTHER A BIG FELLOW.

New York, July 22.—Paul Rainey has not taken a subscription in the Saratoga Special this season, but Edward Peters has shipped to Saratoga for him a brace of two-year-olds that are at least handsome enough to win that race. One of them. Rousseau, a son of Ben Strome and Rose Leaf, is troubled to the Roseben. The other, Voltaire, a son of Wetercress and Pillowdex, is a half-brother to the fast but faint-bearted Strike Out, a Griffon colt for which Herman E. Duryea paid \$15,000 while he was still an untried yearling.

Rousseau bids fair to make as big a horse as Roseben. Already he is close to sixteen hands high, and he weighs all of 1,050 pounds. He is a powerfully built youngster of fine bone and muscular development. Peters is giving Rousseau time to develop in order to test Mr. Rainey's theory that two-year-olds are better for not being put at early racing. But Rousseau has had some stiff work, and he is infinitely sounder than Roseben was at a corresponding period of his career. Roseben bowed both tendons before he went to the post. Rousseau's legs are as hard as steel and he has yet to take a wabbly step.

Voltaire is a growthy colt of the Watercress type, but he looks like a race horse. The only Saratoga race for which Voltaire and Rousseau are eligible is the Hopeful, and Peters will bend his efforts toward fitting them to meet Ocean Bound and Sweep with some prospect of success in that valuable special. Voltaire and Rousseau are both in the Futurity at Sheepshead Bay and the Matron at Belmont Park.

#### CREEL IS IN WINNING FORM

DEFEATS THE MINKS IN HANDICAP FEATURE AT FORT ERIE.

John E. McMillan, Remaining Contender, Bleeds During Running of Race-Argonaut and Laveno Take Races in Which Favorites Fail.

Buffalo, N. Y.. July 22.—Threatening weather, culminating in a light rain, detracted considerably from the sport at Fort Erie this afternoon. The attendance, however, was of good proportions and speculation was brisk. The field for the mile and a sixteenth handleap was reduced to three starters, with speculation divided between The Minks and Creel. John E. McMillan, the other starter, attracted but little notice. Creel, under a light inpost, made the others look cheap as the Minks and Creel. John E. McMillan, the Minks and Creel. John E. McMillan, the Minks and Sean and the Minks and the game bid after the first half had been traversed, he weakened in the stretch and Creel won as his rider pleased. John E. McMillan, after being a forward contender in the early stages, suffered a hemorrhage and was pulled up at the stretch turn and led off the track, thereby forfeiting third money.

In the opening dash, for maiden fillies, twelve started, and under the good handling that Davenport gave Fair Louise she was able to get up in time to beat out Polly Lee, the early pacemaker. There was a big plunge on Charmian in this race, but a poor send-off and incompetent handling accounted for her failure to run up to a fast preliminary trial.

Davenport followed up his initial success by landing Argonaut winner in the second race over Cloisteress. Argonaut showed considerable improvement over his previous out when ridden by Mentry. The verse criticism on account of his faulty riding. Boh. Was considered best in the third race, but, after being in forward contention for five furiouse, he retired and left Laveno. Fearnaught II. and Brevite to fight it out. They finished in the order named.

Sal Volatile found conditions exactly to her liking in the sixth race and spreadeagled her opposition, winning by a big margin from DareIngton, with Dainty Dame third. On her showing today it is patent that Dainty Dame is in poor form and in need of a rest. The race for Dominion-breds thoroughly demonstrated Caper Sauce's superiority over Cann

#### JACK ATKIN'S TIME IN QUESTION.

New York, July 22.—There were wide differences of opinion as to the time Jack Atkin made in wining the Fleetwing Handleap Tuesday at Yonkers. The official time hung out was 1:12. Many of the trainers snapped their watches on the race, and none of them agreed with William H. Barretto. Waiter House caught the three-quarters in 1:11; which was one-fifth of a second better than the track record for the distance made last summer by George Odom's Nimbus. John Powers, the new trainer of the big Sain horse, made it 1:114, the first half in 452. George Rowe, a brother of Charlis Rowe and one of the most expert of the watchers of early morning work, made it 1:115.

There can be little doubt but that Jack Atkin has regained his best form, and that he will go on now and fill his engagements at Yonkers are in the Yonkers and Mount Vernon Handleaps. The Yonkers, a \$2,500 race at one mile and a sixteenth, will be run next Saturday, and the Mount Vernon, a \$2,500 race at one mile, will be run the following Saturday.

## SENORITA FARM FORMALLY TRANSFERRED.

Lexington, Ky., July 22.—Confirmation of the reported sale of Senorita Farm by Captain W. Harry Brown of Pittsburg to L. V. Harkness of Cleveland, the master of Wainut Hall Farm, came today through the filing of the deed in the county court here. Senorita Farm, which last fall was stripped of all the thoroughbred horses in the establishment owned by the late Captain S. S. Prown, is now to become a part of Wainut Hall Farm, one of the most famous trotting horse nurseries in the world. At the same time deeds to two other farms just across Newtown road from Wainut Hall Farm were filed by J. H. Parker and E. M. Norwood, respectively, to Collins Marsh of Brooklyn, N. Y. Mr. Marsh is understood to be a friend of Mr. Harkness and it is generally believed that the purchase was made for him.

#### HAGGIN TO ABANDON BREEDING.

Lexington. Ky., July 22.—James B, Haggin, master of Elmendorf Farm, arrived here today from New York to spend several weeks at his magnificent estate. Mr. Haggin confirms the report published several weeks ago to the effect that he intends to several weeks ago to the effect that he intends to says that to his notion the sport has rossed too says that to his notion the sport has rossed too severe a blow to warrant his continuance. There is now being erected at Elmendorf a large dairy plant and Mr. Haggin says he will devote his attention to dairy cattle and dairy products more largely than to anything else. There are now at Elmendorf seventeen thoroughbred stallions, 190 mares, about 190 yearlings and something like 150 foals of this year. The process of disposal, principally by sale in forcign countries, is to continue.

#### FEW HORSES LEFT AT LATONIA.

Cincinnati, O., July 22.—Tom Hayes, J. C. Milam and Ed Gildersleeve shipped a carload of horses from Latonia to Windsor yesterday. Tom Stevens has sent his horses to the same place, and Ira Fitzgerald and others will send another carload Friday. That will leave about one carload, which probably will be shipped on Saturday.

#### CONDITIONS GIVE AMERICANS ADVANTAGE.

Conditions Give americans advantage.

London, Eng., July 22,—The English Jockey Club and all the racing associations having on their programs produce stakes have awakened recently to a condition which causes them great embarrassment. These produce stakes are many in number, and are among the valuable turf prizes. In the aggregate they amount up to many thousands of pounds.

In all these races there has been an allowance for the produce of sires and of dams that prior number there was also another little clause that did not obtrude itself until the advent of Messrs. Keene, Belmont, Whitney, Duryea and other Americans last year, who nominated with great liberality in everything to which they were eligible. And this little clause it now seems, gives the allowance to every one of their nominations, in some cases amounting to as much as twelve pounds.

The clause referred to reads "for the produce of sires and dams that have not heretofore produced a winner in the United Kingdom." Except, therefore, in the case of young sires and matrons, the Englishbreds receive no allowances, grant the case of young sires and matrons, the Englishbreds receive no allowances and matrons, the Englishbreds receive no allowances are the case of young sires and matrons, the Englishbreds receive no allowances, such price of the produce of American mares exported to this country last autumn.

As these stakes have closed for two years in advance, the situation is embarrassing, and particularly to the English breeder clamoring to the Jockey Club, which has not seen its way out of the difficulty. The stakes have closed and there does not seem to be any escape from the situation the Jockey Club, which has not seen its way out of the difficulty. The stakes have closed and there does not seem to be any escape from the situation has been relations, urged on by from the situation has been relations to American seen possible, except for the English men of rust to luck that even with the allowances the Americans will be beaten.

STILL ELIGIBLE TO THE FUTURITY STAKES.

Eighty-Nine Youngsters from Which Will Come Winner of Our Richest Race for Two-Year-Olds.

The Futurity Stakes of the present year will be fore, having closed long before the stress of hostile legislation enforced the cutting down in value of stakes and purses. It had an ordered the conditions of the starting fees go to the second horse and \$750 of the added money and two-thirds of the starting fees go to the second horse and \$750 of the added money and one-third of the starting fees to the third horse. The nominators of the winner, of the second horse and \$750 of the added money and one-third of the starting fees to the third horse are to receive \$2,000, \$1,250 and \$500 of the added money respectively. These sums and its own fees deducted, will give the winner of the race the et al. C. D. P., Chicago. If a horse is named in a parlay that is not in the race selected, a bookmaker should not change the name without the knowledge and consent of the bettor, thus leaving the responsibility for the mistake where it belongs. It follows that the parlay would be void as to that race.

J. J. McK., Toronto, Ont, There are several ruing turf bodies in the United States. The Jockey Club rules in the eastern states, the Western Jockey Club and American Turf Association in the central west and south, and the Pacific Jockey Club in the states of the Pacific coast. Texas has a ruling body of its own and so has Kentucky.

#### WALTER MILLER RIDES AT 117 POUNDS.

Walter Miller, the American jockey, had his first mount in England on July 8, when he was unplaced in a race at Pontefract on a horse called Traitress, owned by G. W. Smith, who is Miller's regular employer. Miller could not do less than 117 pounds. The turf writers said that the American shaped up well in the saddle.

#### MOTORS MUCH USED AT YONKERS.

New York, July 22.—The comparative inaccessibility of the Yonkers course makes the Empire City meeting a harvest for taxicabs and stghtseeing automobile companies. Hundreds of racegoers make the Journey in each direction by these means, more than fifty of the "free lance" vehicles being in commission during the racing to Important days.

The roads to the Empire City course are in excellent condition, but the automobilists find themselves unable to do any speeding, as a short run from the track carries them into the city, where numerous policemen on motorcycles see to it that the proprieties are observed.

The figures under "Rec." in above charge the best time made by the horse at the dividing with weight carried, since January 1, 1908, time is not necessarily made by a winner. I be the estimated time of a losing performance.

#### LATEST PERFORMANCES OF HORSES ENTERED TODAY.

The small figure under "Str." shows the distance the horse was ahead of that next in the race. The small figure under "Fin."—unless the horse won—shows the number of lengths the horse was behind the winner.

STRANGE BETS AND BETTORS.

Titled Men and Their Curious Wagers at White's Notrious Resort in London.

Undoubtedly the most notorious resort in the world in the strain of the strain of

won't die," and neither did she till toward the close of 1744.

Coming down a little later there is a bet recorded under the date of May, 1815, and it has more or less of the sporting character. The entry says "Mr. Boutverie bets Mr. Butler 200 guineas to 15 that he does not name the winner of the Derby, the Oaks and the new Bishop." It was not ever known that the good gentleman knew he was classed with horses. That was the year of the battle of Waterloo, and there is an entry that "Mr. Mills bets Mr. Raikes four ponies to one that hostilities commence between England and France on or before the 14th of August, 1815," and this same bet is followed by a wager of 200 guineas between Sir Joseph Copley and Mr. Raikes, the conditions beling the same, Sir Joseph having previously wagered Mr. Raikes 100 guineas to 25 that war would break out on or before May 29. The unsettled state of things at this particular time provoked loss of betting on this particular time provoked loss of betting on the loss of betting on guineas that Bonaparte is not at the head of the French government on the 22d of August, 1816,"

# To the Racing Public:

The horse I have reference to and which I told you all about both Wednesday and yesterday starts

# Tomorrow, Saturday.

but is also known for having one of the best and shrewdest trainers now in the east. The price I am paying for this, the most exclusive information I ever handled, is

## LARGER THAN I EVER PAID BEFORE.

From what I saw, not only Sunday morning, but again on Wednesday morning last, at Empire, as far the work-out of the horse is concerned, convinces me that IT WILL PROVE THE BEST INVESTMENT

The price we will get can be no less than 10 to 1, and it is simply a question of whether we will get 10 to 1 or 25 to 1. The market I do not control. This horse is a phenomenal breaker at the barrier and leaves the post like a flash, which is one of the most essential things in racing. Most of all, I know of the fitness of this horse and I know the owners and trainer. I don't want you to have the slightest regard or epinion of your own when you get the same. I know what I am talking about, and also know that if you do not take advantage of this opportunity it means that you do not want any money.

### OPPORTUNITY KNOCKS BUT SELDOM

at a man's door. I am giving you the chance to play a 10 or 25 to 1 shot tomorrow, Saturday, which, if real conditions were known, would not be more than 8 to 5. This is a "genuine sleeper." The smallest detail has been attended to and no mistakes can be made, excepting by the "weather man," in which case the horse will not start. Loss appears impossible. This horse is

# BEST THING OF THE SEASON.

In fact, it appears a chance to even up any losses that you may have sustained. It will also prove to you the PROPER USE OF BLINKERS. Watch this race carefully as the charts report it on Sunday n
